| Section 1.         | Material Information                                   |
|--------------------|--|
| Product Name:      | Render Remover / Ultra Render Remover                  |
| Manufacturer:      | Ultratex Wall Cladding & Coating Pty Ltd               |
| Recommended Use:   | Cement compound remover – use on all washable surfaces |
| Emergency Contact: | 131 126  |

Based on available information, not classified as hazardous according to criteria of NOHSC.

Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail.

| Section 2.       | Hazard Identification |
|------------------|-----------------------|
| Poison Schedule: | None allocated.       |

| Section 3.          | First Aid Measures  |
|---------------------|---|
| Inhalation:         | Move the affected person from the exposed area into fresh air. Seek medical advice if effects persist.  |
| Skin Contact:       | If skin contact occurs, remove contaminated clothing and flush skin and/or hair with large amounts of water. If skin irritation occurs it is advised to seek medical attention. |
| Eye Contact:        | Flush eyes with large amounts of water until irritation subsides. Seek medical attention if irritation persists.  |
| Ingestion:          | Rinse mouth out with water. If swallowed, use activated charcoal if available. Seek medical attention.  |
| Notes to physician: | Treat symptomatically.  |

For advice, contact a Poisons Information Centre (Phone – Australia 131 126) or a doctor.

**Section 4. Composition / Information of Ingredients**

| Components                                 | CAS Number | Proportion |
|--|------------|------------|
| Ingredients determined not to be hazardous |            | to 100%    |

**Section 5. Fire Fighting Measures**

|                                      |                |
|--------------------------------------|----------------|
| <b>Specific Hazards:</b>             | Not flammable. |
| <b>Fire-fighting advice:</b>         | Not flammable. |
| <b>Suitable Extinguishing Media:</b> | Not flammable. |

**Section 6. Accidental Release Measures**

|   |  |
|---|--|
| <b>Emergency procedures/Environmental precautions:</b>  | Contain the spill to avoid environmental contamination. If contamination occurs, advise local emergency services.  |
| <b>Personal precautions/Protective equipment/Methods and materials for containment and cleaning up:</b> | <p><b>SMALL SPILLS:</b> Slippery when wet, clean up immediately.</p> <p><b>LARGE SPILLS:</b> Slippery when wet, clean up immediately. Contain the spill using absorbent or inert material such as sand or earth. Containerize in properly labelled containers for disposal. Do not flush to drains or waterways.</p> |

**Section 7. Handling and Storage**

|                         |   |
|-------------------------|---|
| <b>Handling advice:</b> | Keep out of reach of children. Avoid eye contact and repeated or prolonged skin contact.                            |
| <b>Storage advice:</b>  | Store in cool place and out of direct sunlight. Keep containers closed when not in use - check regularly for leaks. |

**Section 8. Exposure Controls / Personal Protection**

|                                       |  |
|---------------------------------------|--|
| <b>Occupational Exposure Limits:</b>  | There is no exposure standard available for this product.  |
| <b>Engineering Control Measures:</b>  | Provide adequate ventilation. If using indoors, keep windows and doors open during use. Keep containers closed when not in use.            |
| <b>Personal Protective Equipment:</b> | Wear overalls, safety glasses and impervious gloves.  |

| Section 9. Physical and Chemical Properties |                                 |
|---|---------------------------------|
| Physical state:                             | Brownish yellow coloured liquid |
| Solubility:                                 | Complete                        |
| Specific Gravity:                           | 0.96 @ 20 °                     |
| Relative Vapour Density (air=1):            | >1                              |
| Vapour Pressure (20 °C):                    | Not Available                   |
| Flash Point (°C):                           | Not Applicable                  |
| Flammability Limits (%):                    | Not Applicable                  |
| Autoignition Temperature:                   | Not Applicable                  |
| Melting Point/Range (°C):                   | Not Available                   |
| Boiling Point Range (°C):                   | >140                            |
| pH:   | 8-10                            |
| Viscosity:                                  | 1mPa.s                          |

| Section 10. Stability and Reactivity |                           |
|--------------------------------------|---------------------------|
| Stability:                           | No information available. |

| Section 11. Toxicological Information  |   |
|--|---|
| No adverse health effects are expected if the product is handled in accordance with this Safety Data Sheet and the product label. Symptoms or effects that may arise if the product is mishandled and overexposure occurs are: |   |
| Ingestion:   | If ingested, may cause vomiting and/or irritation to mouth, throat or stomach.                                      |
| Eye contact:   | If contact occurs in the eye/s, may cause irritation.   |
| Skin contact:  | Contact with skin may cause irritation.   |
| Inhalation:  | If inhaled, may cause irritations to respiratory tract and/or mucous membranes. May cause dizziness and drowsiness. |
| Chronic effects:   | No toxicological information is available for this product.   |

**Section 12. Ecotoxicological Information**

Avoid contaminating waterways.

**Section 13. Disposal Considerations****Disposal methods:**

**For large quantities:** Refer to Waste Management Authority. Dispose of material through a licensed waste contractor. Normally suitable for disposal at approved land waste site.  
**For small quantities:** Recycle material and containers where possible. Dispose of material in accordance with local, national and international regulations. Discharging waste into drains, sewers and rivers is forbidden.

**Section 14. Transport Information****Road and Rail Transport:**

Not classified as Dangerous Goods by the criteria of the Australian Dangerous Goods Code (ADG Code) for transport by Road and Rail.

**Marine Transport:**

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

**Air Transport:**

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

**Section 15. Regulatory Information****Classification:**

Based on available information, not classified as hazardous according to criteria of NOHSC.

**Poisons Schedule:**

None allocated.

**All the constituents of this material are listed on the Australian Inventory of Chemical Substances (AICS).**

**Section 16. Other Information**

This material safety data sheet has been prepared by Ultratex Wall Cladding & Coatings Pty Ltd - Technical Department

**Reason(s) for Issue:**

Revised MSDS

This MSDS summarises to our best knowledge at the date of issue, the chemical health and safety hazards of the material and general guidance on how to safely handle the material in the workplace. Since Ultratex cannot anticipate or control the conditions under which the product may be used, each user must, prior to usage, assess and control the risks arising from its use of the material.

If clarification or further information is needed, the user should contact Ultratex using the contact details on page 1. Ultratex Wall Cladding & Coatings Pty Ltd.'s responsibility for the material as sold is subject to the terms and conditions of sale, a copy of which is available upon request
